### Itinerary

#### Day 1 - Marakele National Park

On arrival at O.R Tambo International Airport, please clear customs and immigration formalities and collect your luggage.

Proceed into the Arrivals Hall where a representative will meet you, hand over further documentation and assist you to your onward, private, road transfer to the Marakele Reserve. The transfer time is approximately Three hours.

Located in the Marakele National Park in the heart of the Waterberg Mountains, Marataba Trails Lodge has become a 'place of sanctuary' for an impressive variety of wildlife due to its location in the transitional zone between the dry western and moister eastern regions of South Africa. Delight in tented safari suites that are tastefully furnished and decorated with a contemporary twist, and have spectacular views down into Waterfall Valley, which is particularly magical at sunset. Marvel at the area surrounding the lodge with its sweet savannah grasslands in the valley below, and broad leaved sour veld habitat on the hills above, while some of the gorges are filled with riverine forest habitats. Be adventurous as you embark on gorge, riverine and mountain trails as you explore the natural beauty of

your surroundings and engage in spectacular moments with the wild.

The afternoon is at leisure to enjoy the activities offered by the lodge.

### **Day 2 - Marakele National Park**

This day is at leisure to enjoy the game viewing.

In the company of your Field Guide, you will learn more about the Big Five and the many unique animal species found on the Marakele National Park. Two safaris a day (one early morning and one late afternoon, into the evening) are each approximately 3-4 hours long, and include a scenic coffee and sundowner break to purely appreciate just being in the moment. Predators are accustomed to the vehicles at Marataba and do not see them as a threat. This enables guides to get into very close proximity with Africa's most impressive animal species, allowing for spectacular photographic opportunities.

This day is at leisure to enjoy the camp activities on offer.

If your stay falls on a weekend - we recommend an exclusive yoga retreat program, in an environment that promotes healing. It is the antithesis of an urban studio – just nature, pure and simple. Follow a trail through the bush, possibly encountering animals along the way, to find a scenic spot to lay your mat for meditation or yoga. Or practice your discipline on the lodge's deck, overlooking Waterfall Valley.

#### **Day 5 - Kapama Private Game Reserve**

The morning is at leisure. We recommend more game viewing - on a walking safari!

Accompanied by a skilled ranger and tracker, you can expect to encounter a diverse range of animal and bird species on game drives. Since this is a Big Five reserve, seeing lions, leopards, elephants, rhinos and buffalos is possible over a two-day safari in Kapama Private Game Reserve. While seeing big game is always exhilarating, there are many other smaller species that are also captivating, and birding enthusiasts will be delighted at the approximately 350 species of birds recorded on the reserve.

Feel Africa underfoot on a guided bush walk with a highly trained game ranger. The experience offers an intimate encounter with nature and wildlife. Also, identify both medicinal and other plants en route.

Rangers also teach walkers to track wildlife in the traditional way, using animal footprints and scat. Expert trackers are able to tell the gender of many animals just from their footprints. Large and dangerous animals are avoided on walks, but many other species can be viewed from a safe distance at ground level. A bush walk through Kapama Private Game Reserve is a truly memorable and authentic encounter.

#### **Day 6 - Kapama Private Game Reserve**

Today we suggest a relaxed, laid back day.

Surrounded by stillness and sweeping bushveld, the Kapama Wellness Centre takes safari spa treatments to new heights. Highly trained and experienced beauty therapists remain abreast of global treatment trends, while giving them a uniquely African twist for Kapama's Wellness Centre. After your treatment, take a swim in the lap pool or relax under bushveld skies before heading back to your lodge. This evening, experience the magic of Africa on a sleep-out platform.

The Kapama sleep-out offers a million-star overnight experience. Sleeping in the open air on the reserve, elevated high above the ground under the African night sky, is a unique experience. A raised platform is evocatively furnished with an over sized bed festooned in white linen and billowing mosquito netting. It's completely safe, while being surrounded by only wilderness and wildlife. The experience is guaranteed to take your breath away.

You'll arrive before sunset to watch the changing colors of evening and sip a sundowner. The African bush fairytale continues with a five-course dinner served to you by a personal chef on the platform. Or you can enjoy dinner at the lodge and arrive at your sleep-out venue afterwards. By night, it will be encircled by a ring of golden lantern light.

The platform and luxury bathroom underneath are both animal-proof, but a two-way radio and cellular phone are supplied for additional peace of mind. The bathroom has all comforts catered for.

Your private night in the African bush continues until after dawn, when you will call your ranger by radio to transfer you back to your lodge. An appointed pick-up time may also be arranged in advance.

A great way of exploring the city is on a Table Mountain Hike and City Bowl Adventure! We combine this with a visit to the top of Table Mountain, leaving the crowds to get your bearing of the city from its highest point.

We will begin the day exploring the Sea Point promenade on two wheels, viewing the art installations that tackle subjects ranging from rhino conservation to the 18 years Nelson Mandela spent on Robben Island. The cycle will finish in the V&A Waterfront by the clock tower. Here you will continue towards the canals where you will explore on stand up paddle boards in the secure environment with the backdrop of Table Mountain.

From there you will hike to the city, enjoy lunch and explore the colorful Bo Kaap, walking along the cobble stoned streets to experience a lively suburb filled with brightly colored houses from as early as the seventeenth century, Muslim saint shrines and many beautiful Mosques. The day will end at the top of Table Mountain where you will do a short hike away from the crowds whilst your guide brings alive the history of Cape Town combining the elevated view over the city with turn of the century photographs to highlight the changes the city has been through.
